Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and dis-

The most effective remedy to The most elective remedy we correct this condition is the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gentle yet positive in action, and quickly relieves indirection, constitution, sick headgestion, constipation, sick head-ache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

AGAINST TUBERCULOSIS.

Warning Circulars Distributed to Employes of Palmer Bros. Co. Mill.

A tuberculosis relief society was formed last year in town for the sale of Red Cross seals. Four thousand were sold. Ten per cent: of the sum obtained was sent to Hartford to the state society. The rest of the money will be used for anti-tuberculosis work in the town. The members of the society are Mrs. Young of Bozrah Center, Mrs. J. G. Ward of Leffingwelltown, Mrs. Louis Brand, Mrs. Lamphere, Miss Julia Kingberger and Mrs. Frank Palmer of Fitchville.

A few days ago there were distrib-

A few days ago there were distrib-uted among the employes of the Palm-er Bros. Co. mill about 300 of the following circulars. The circulars were printed in the English, Polish, Russian and Jewish language:
Pulmonary tuberculosis, or consump-tion, is communicable, preventable and curable. Take this card home. Read

it carefully, and show it to your fam-ily, friends and neighbors. Pulmonary tuberculosis or consump-

Pulmonary tuberculosis or consumption is a disease of the lungs. It is taken from other people who have it, and is not simply caused by a cold, although a cold may make it easier to take the disease.

The matter coughed up and sneezed out by people who have the disease is full of living germs or tubercle bacilli, too small to be seen. These germs are the cause of tuberculosis and when they are breathed into the lungs of weakened and debilitated people they set up the disease.

ple they set up the disease.

Don't get tuberculosis yourself.

Keep as well as possible, for the healthier your body, the harder for the germs of tuberculosis to grow therein.

To keep healthy, observe the following rule:

Don't live, study or sleep in rooms where there is no fresh air. Fresh aid and sunlight kill the tubercle bacilli and germs causing other diseases. Therefore bave as much of both in your room as possible.
Don't live in dusty air. Keep your rooms clean. Get rid of dust by clean-

ing with damp cloths and mops. Don't sweep with a dry broom.

Keep at least one window open in your bedroom at night, and air the room two or three times a day.

Don't eat with solled hands, Wash them first

Don't put your hands, pencils, or any candy or chewing gum that other per-sons have used in your mouth. Don't keep soiled handkerchiefs in

go to a doctor or a dispensary. How to get well if you have tuber-

If you or any one in your family have tuberculosis, you must obey the following rules if you wish to get well. Don't waste your money on patent medicines or advertised consumption cures, but go to a doctor or a dispensary. If you go in time, you can be cured; if you wait, it may be too late. Don't drink whiskey or other forms of liquor.

Don't sleep in the same bed with anyone else, and, if possible, not in the

Good food, fresh air and rest are the best cures. Keep out in the fresh air and in the sunlight as much as pos-

Keep your windows open winter and summer, day and night.
If properly wrapped up, you will not catch cold.

catch cold.

Go to a sanatorium if you can end before it is too late.

A person who has pulmonary tuberculosis or consumption is not dangerous to those with whom he lives and works, if he is careful and clean.

Don't give tuberculosis to others.

Many grown people and children have nulmonary tuberculosis or care have pulmonary tuberculosis or con-sumption without knowing it, and can

give it to others. Therefore every person, even if healthy, should ob-serve the following rules: Don't swallow your expectoration Don't spit on the sidewalks, play-

grounds or on the floors or hallways of your home or school. It spreads dis-ease and is dangerous, indecent and against the law.

When you must spit, spit in the gut-ters or into a spittoon half filled with Don't cough or sneeze without hold-ing a handkerchief or your hand over your mouth or nose.

Take this card home and show it to
